

**FRANCONIA WATER DEPARTMENT
MEETING MINUTES
May, 2015**

WATER COMMISSIONERS

MARCIA GRAHAM, RAY PELTIER & RICH (MAC) McLACHLIN

The Franconia Water Commissioners met for the May Meeting.

We may have to raise the price of the meters. We are thinking seriously of changing all our meters from the present ones to Badger meters. These new ones would enable the home owners to connect the meter to the internet. Then the owner could keep track of the time water was used and how much was used. Only you could keep track of this. When the meter is read the reader could easily detect leaks. This project will be costly but efficient.
