

**FRANCONIA WATER DEPARTMENT
MEETING MINUTES
JANUARY/FEBRUARY 2015**

WATER COMMISSIONERS

MARCIA GRAHAM, RAY PELTIER & RICH (MAC) McLACHLIN

The Franconia Water Commissioners met for the January/February Meeting.

The cold is really settling in. We are getting phone calls about freeze ups. Discussion was priority of who to thaw out first - older people and young kids. Try to notify people at home if they are not up here. We soon had to call a welder from VT to come and help us out. It was very expensive to do the job.

We did some planning as to how to go about our project at Mittersill. We will have to wait until the ground thaws. Mac says it is hard to access amount of water lost when it is started up and running out a hose to keep it running. Big problem is when to stop the hose dribble.
