AGREEMENT: As the landowner, I agree to the following:

1. Applicants must meet driveway standards for both The State of New Hampshire (if driveway from a State Highway) and The Town, if driveway to a State Highway, attach State approval to this application.
2. To construct the driveway entrance only for the purpose stated above and to accept emergency vehicles such as fire engines, ambulances, police vehicles and the like.
3. To construct the driveway only at the permitted location.
4. To defend, indemnify and hold harmless the Town of Franconia, its duly appointed agents and employees against any action for personal injury and/or property damage sustained by reason of the exercise of this permit.
5. To furnish and install drainage structures that, are necessary to maintain existing drainage and to adequately handle any increased runoff resulting from development and obtain all easements thereto, as determined by the Selectmen and the Road Agent.
6. That any culverts and/or other erosion runoff controls are to be installed at owner's expense.

PLANS: A dimensioned sketch showing the following **MUST** accompany this application:

1. Lot lines and dimensions of lot
2. Location of proposed driveway with dimensions to lot lines, adjacent to driveways and road intersections, and existing and proposed structures. (Minimum 100' to any road intersection.)
3. Location of readily identifiable feature or landmark in relation to driveway entrance.
4. Sight distances both right and left. (Minimum 200' all Seasonal Sight Distance each way.

MARKINGS: Proposed driveway entrance onto town road should be clearly marked with stakes and flags to facilitate the inspection by the Selectmen and Road Agent.
