

Franconia Energy Commission  
Regular Meeting Minutes  
November 10, 2022 at 4:30pm  
at Town Hall

Minutes: FEC 11/22

It is the mission of the Franconia Energy Commission to both reduce the carbon footprint of the Town of Franconia and save tax payer dollars by analyzing the town's energy use and recommend energy solutions.

Chuck- grant response- nothing from NBRC that is new. Looking at possibly putting together a NBRC grant for a covered refrigerated ice rink. Contact Opalinski? Chip reports they are too busy right now with "Restaurant Impossible".

Daniel/Chuck, initial grant letter has been completed. Waiting on reply.

Chris- town hall solar operation delayed until 1/23. Federal rebate coming in 2023. (our presence needed at LR Elem school. Chris will get board meeting dates.

Eric- community aggregated power still on the horizon. No action from elsewhere in town. FEC will have to provide some leadership.

Fitz-emergency services building audit looks unlikely. NHCDF and XXXXX are dubious it's worth the effort. We should proceed with pursuing solar.

We decided to switch our meeting dates from the third Thursday to the second Tuesday from now on. So the next meeting will be at the town hall, 12/20, 4:30.

The meeting was adjourned at 5:25pm.
