

FRANCONIA WATER DEPARTMENT  
MEETING MINUTES  
July 12, 2017

The Franconia Water Commissioners met on July 12, 2017 at the Franconia Town Hall. The meeting was called to order at 9:00am.

Members Present: Joan Hartford, Ray Peltier, Peter Hilton, Rich McLachlin.

Approved the Minutes of the June 13, 2017 meeting.

**Mittersill Pipe Installation** - The Board discussed the installation of the pipes on Mittersill Road and Woodchuck Trail. The Board wanted Herbie Bartlett to put out notices to all the homeowners for the second time because of homeowners that had objected to being out of service. The service would be interrupted between the hours of 8am - 5pm during the project. The homeowners would have water during the weekend and holidays.

**Badger Meters** - The installation of Badger Meters by Chris Sparks Plumbing and Heating has been going well. We are installing on Tuesday mornings from 8am to 1130am. Herbie Bartlett will continue to get meter installs scheduled. Notices are going out to owners who do not have the new Badger meters so that they can call in and get on the schedule.

**Water Billing** - Herbie Bartlett will get the Water Bills out for the last quarter.

**Cross Connection Inspections for Businesses** - Pete will try to get an extension for this. Herbie will have to set up inspections to see who has the cross connects.

**Scheduled meetings:**

August 9th

September 13th

Meeting adjourned at 10am.

Respectfully submitted,

Herbie Bartlett

Office Assistant  
Franconia Water Department
