

## **Parade Organizer Role Description**

There are several processes involved in organizing the town's Old Home Day Parade. The organizer oversees advertising the parade utilizing local towns and organizations social media pages and websites. The organizer would also contact previous parade participants to see if they would be interested in participating again and possibly seeking new participants. After the various participants have been confirmed, the order of participants in the parade is finalized by the organizer. The organizer also facilitates the line-up of the parade and launches the parade on Old Home Day.

If you are interested in volunteering for this role, please contact Franconia Town Hall at (603)823-7752 for further information.
